

Welcome to February's news! We hope you enjoyed our first newsletter of the year last month. Please let us know what works for you and what doesn't. Tell us what you would like to see more of and what we can do better. You can e-mail me direct with ideas and feedback at adele@mollieres.co.nz. We really do appreciate your feedback. So, who had a fabulous Summer holiday? Who is still on holiday? Or who, like me, is taking theirs later in the year?

Chloe seemed to spend her holidays zooming up and down the country catching up with friends and family and totally enjoying the weather and all that Summer has to offer. Here's a piccie of our gorgeous, although very nervous Chloe planning to jump out of a plane at 12,000ft. It wasn't until the 'chute opened that she felt she could relax. And it was in Taupo just four days before the crash!! Go Chloe, we think you are very brave.

Xiaomei had a great time off over the break enjoying the quiet of the city. She caught up with friends, bought new running shoes and kept up with her training. Her big goal this year is to run the Auckland Half Marathon...we'll keep you posted. Here's a piccie of Xiaomei relaxing on her friend's yacht...hard work for some!

Dermalogica Clear Start™ was created by the skin health experts at Dermalogica, the brand that's been changing the face of skin care for more than 25 years. It became clear that no one was addressing the needs of teens – not only with products that get results, but also with the education they need – when Dermalogica Founder Jane Wurwand's own daughters entered their teenage years. This product range is fantastically priced at either \$29 or \$35. Buy two Clear Start products and get a free cooling mask!

This year marks 20 years since Adele finished her training and received the 'Therapist of the Year' cup (which her 4 year old nephew is convinced is the 'Piston Cup' from the movie Cars!). Anyway, for the rest of the year we will have a \$20 deal going for the month - February's \$20 deal is a File & Paint! Why not get them done in Orange, it's the colour of the moment!

Rewind IGF-1 is proven to have rejuvenating properties and may significantly support your energy levels, supports cardiovascular health, healthy joints and mobility, useful in stressful times, supports libido and appearance. Often, the reason you are experiencing all the symptoms of aging is due to a lack of support for your essential feel good hormones. When you were younger you didn't need extra support – but from the age of 30 onwards, your body can benefit from some extra help. Rewind naturally occurring IGF-1 500mg daily high potency, sublingual lozenges can help support your IGF-1 levels. Beware of any IGF-1 supplements that you swallow because IGF-1 is destroyed in the gut, meaning you don't get any of the amazing benefits! Ask us in-store for more detail.

Looking forward to seeing you in-store soon!
